

Customized Roundtables

Produced by Stathis - Mittel exclusively for your organization

Would you like to set your own industry roundtable calendar and not have to plan around other provider's schedules? Would you like to be surrounded by clients and prospects that you want to engage rather than a group culled by someone else? Are you ready to take control of your next roundtable experience?

Talk with Scott and Bob to learn about our Customized Roundtables. You tell us when you'd like to have it, what locations you'd like to consider, what subject matter you'd like to cover, and who your target attendees are. We take care of the rest including event production and moderation. Your costs can be defrayed or eliminated by having noncompetitive co-sponsors of your choosing.

Give us a call to discuss!
